# Latitude
Life Safety Platform

Media Gateway Card

Features

▸ Permits Virtual Resource & Vizulinx integration

▸ Acts as a gateway between the Latitude control panel and the Lati-View graphics software system

▸ Interface for third-party IP capable networks & equipment

▸ 'Plug-in' connection to the Latitude Fire Alarm Control Panel

▸ Standard RJ45 connection port

▸ Low current consumption

Description

The Media Gateway Card is a communication device for the Latitude Fire Alarm Control Panel. The Card facilitates seamless integration with other products such as the Lati-View graphics software system, Virtual Resource and the Vizulinx Alarm Management Solution.

Utilising the Media Gateway Card also enables assimilation with third-party IP networks and equipment.

In common with other Additional Cards in the Latitude range, the Media Gateway Card features simple 'plug-in' connectivity and is fully configurable using Loop Explorer 2 software.

Specification	
Supply Voltage	21 - 30 VDC
Operating Current	114mA
Input Connection Port	RJ45
Taktis Connectivity	Slot 'F'
PCB Size	62.8mm x 234.6mm
Operating Temperature	-5°C to +49°C (+/- 2 ° C)
Operating Humidity	To 95% (non condensing)
Packaged Weight	1Kg
